KNOWING YOUR
TOYOTA IS
Awesome

Toyota i-Connect is a one stop intelligent solution to provide integrated & seamless experience to all Toyota vehicle owners. It offers a plethora of features to intelligently stay connected with your car, family & Toyota.

Toyota i-Connect app caters to the needs of all our customers. All Toyota vehicle owners can download the app. Depending on the vehicle type the supported features will be available in the app.

The availability of non-connected features like RSA, Smiles Loan, and finance options may differ based on the specific features selected by the customer. Features to stay connected to your car like remote operations, find my car, driver alerts etc will be available on complimentary basis for 3 years from your vehicle purchase.

Toyota i-Connect is a combination of connected vehicle features & Non-Connected Features.

CONNECTED VEHICLE FEATURES

- Remotely check status & control vehicle functions like door, hazard light.
- Automatic notification to emergency contacts in case of an accident.
- Finding parked location of the car
- Alerts & notifications to stay updated about car & Toyota

NON-CONNECTED FEATURES

- Easy vehicle maintenance through online service booking, tracking & payment.
- Hassle free vehicle insurance & loan management
- User manual, RSA & Marketing campaign
